Everyone wants me to sing sad songs
So I do
'Cuz everyone seems to have seen someone go
And I have to
They all say the pain
Is too much to pay
Too much to pay to play these silly love games
I just don't feel the same
'Cuz even though I've been brought down so many
times
I remember how you and I would fly
Know how love's meant to be
'Cuz Boy you showed how it felt to fly
I won't stop trying to find
Something that feels like you and I
Every time I leave my room, someone new
Catches my eye
I start to feel light and I remember how it felt
How it felt to fly
The same song gets sung again
We talk until we touch
Then we touch until it turns
To something sad
See I don't think that's so bad
'Cuz even though I've been brought down so many
times
I remember how you and I would fly
I know how love's meant to be
'Cuz Boy you showed me how it felt to fly
I won't stop trying to find
Something that feels like you and I
Some day I'm gonna find someone
That feels like you
Some day I'm gonna find someone
That feels like you
Some day I'm gonna find someone
That feels like you
Some day I'm gonna find someone
That feels like you
Some day I'm gonna find someone
That feels like you
And fly
I know how love's meant to be

'Cuz Boy you showed me how it felt to fly
I know it's something I'll find
'Cuz Baby we're all meant to fly
We're all meant to fly
