Stranger, you're perfect
As far as I can tell
Would you like to go somewhere
To forget how life can hurt like hell
Let's save the introduction
'Cuz the sun is already in the west
We're too young to feel helpless
This might be the last chance we get
We'll run, run away
Drive until day breaks
Yeah we'll get outta this place
Life's a hard road no one can blame
We'll pick up the pieces
We've lost along the way
We'll live along a river
With a valley to ourselves
We'll build a world for dreamers
Just like I'd once tried and failed
We'll run, run away
Drive until day breaks
Yeah we'll get outta this place
Life's a hard road no one can blame
We'll pick up the pieces
We've lost along the way
Stranger, I need you with me
And I don't even know your name
Let's not tell our stories
There's no need, 'cuz life hurts the same
We'll run, run away
Drive until day breaks
Yeah, we'll get outta this place
Life's a hard road no one can blame
We'll pick up the pieces
We've lost along the way
We'll pick up the pieces
We've lost along the way
So many pieces that have been lost along the way!
