Walking alone  
I never knew that summer could feel so cold  
Does anyone notice me at all?  
I never knew that I'd feel so small  
On my own  
I'm screaming on the inside  
'Cuz it's the only place I'm heard  
If anybody sees me, could you look me in the eye?  
I need someone to touch me, so I know that I'm alive  
This world's too  
Big  
To be outside looking in  
Curled up in a coffee shop  
Writing about things that break my heart  
Like seeing two lovers meet  
And how they can speak without saying a thing  
While I'm screaming on the inside  
I'm just dying to be heard  
If anybody sees me, could you look me in the eye?  
I need someone to touch me, so I know that I'm alive  
This world's too  
Big  
To be outside looking in  
I go outside just to breathe in  
Silence is so loud  
Think it's gonna win  
I'm tired of thinking about life  
I only want someone to be here when I  
Turn out the lights  
I'm screaming on the inside  
Tonight I might just scream myself to sleep  
If anybody sees me, could you look me in the eye?  
I need someone to touch me, so I know that I'm alive  
This world's too  
Big  
To be outside looking in  
This world's too  
Big  
To be outside looking in  
Someone pull me in  
Someone pull me in
