And I know I'm down, but I'd be okay
If only I'd found
A boy like you
Can't figure it out, I'm barely breathing
Even though I
Have a boy like you
A boy like you
I'm sick of myself
Guess I'm just broken
Seems there's nothing to help
A girl like me
I see in your eyes
That you feel helpless
But there's no use to try
With a girl like me
A girl like me
And I have tried, to survive in my mind
But every night it just gets harder
And I could lie
And say I'm gonna be fine
But I think you know
That it's over
You've told me before, that I was pretty
Now that I've lost control
What do you see?
I don't know why you think you love me
'Cuz I'm such a mess and you're so damn clean
Used to be so clean
And I have tried, to survive in my mind
But every night it just gets harder
And I could lie
And say I'm gonna be fine
But I think you know
That it's over
And this time love can't bring me back
And this time love can't bring me back
And this time love can't bring me back
And this time Love can't, you can't bring me back
You can't bring me back
You can't bring me back
You can't bring me back
