I remember how your teeth felt
On the back
On the back of my neck
I remember stars that seemed too bright
Lighting up that surreal night
Like little angels.
I remember how your lips moved
Softly across every inch of my skin
I remember lying on my back
My hands gripping the grass
Like I was fallingâ€¦
And I remember thinking that
In a few hours now
It's gonna rain
In just a few hours now
It's gonna changeâ€¦
Things change in the morning rain
'Cuz Baby night is easier to take
First thing I said, when the stars went away
Is I knew we'd touch, I knew we'd touch
But I didn't know you'd stayâ€¦
I remember how your hands felt
When they touched
Touched a sinner like me
I remember wondering if the breeze
Was whispering to the autumn leaves
She's forgiven.
And I remember thinking that
In a few hours now
It's gonna rain
In just a few hours now
It's gonna changeâ€¦
Things change in the morning rain
'Cuz Baby night is easier to take
First thing I said, when the stars went away
Is I knew we'd touch, I knew we'd touch
But I didn't know you'd stayâ€¦
My love, my love, my love
If those night feelings start to fade
Hang on, hang on, hang onâ€¦
My love, my love, my love

Those stars'll come back someday
Just hang on, my love, hang on
Things change in the morning rain
'Cuz Baby night is easier to take
First thing I said, when the stars went away
Is I knew we'd touch, I knew we'd touch
But I didn't know you'd stayâ€¦
I didn't know you'd stayâ€¦
Oh I didn't know you'd stayâ€¦
