I have a picture  
It's taken with looks  
It won't tell me a story  
But I'm glad I forgot everything that you say

I change the colors  
And reword the lines  
Now somebody's second heart  
Ain't the first of mine

Consider the rain now  
Out in the cold  
Maybe I love you  
But our dreams grow old

Outbid my fortune  
Out to just win  
Tell me that summer  
Is coming on in

I got my wallet  
Been shot from the start  
Feel shot when I'm feeling drained  
But we all know how to smile  
When we're falling apart

You choose the colors now  
Let's play with the rest  
I never believe at all  
But some of us sometimes  
Are just thrilled by meeting the blessed

Consider the rain now  
Out in the cold  
Maybe I love you  
But our dreams grow old

Outbid my fortune  
Out to just win  
Tell me that summer  
Is coming on in

I have the oath ring, somebody said  
Makes like the twinge running straight through my  
head  
Maybe this fortune is not what it seems  
Some of us pin, some of us pin time on our dreams

And saved from the talk shifts  
Went straight to your goal  
Straight backed and straight laced  
Well, you never really  
Do you ever really know?

I checked on the same day  
I checked out the view  
I checked all the soft land  
Well, it comes so easy from you

Consider the rain now  
Out in the cold  
Maybe I love you  
But our dreams grow old

Outbid my fortune  
Out to just win  
Tell me that summer  
Is coming on in
