"Heal You"

Baby, there'll be time
Time alone this tired old body
Time alone and tired old body
Will be healed

Baby, they'll be blessed
Just a walk away
Just a walk away, baby
Heal you

My, oh my
My, oh my
My, oh my
My, oh my

Baby, there'll be me
Standing in the corner
Baby, there'll be me
Standing here for you
Heal you, heal you

And there'll be the day
All the days you pray for
Yeah, there'll be the day
All the days you pray for
Heal you, heal you

My, oh my
My, oh my
My, oh my
My, oh my

And the scent of you
Will be always ever
Was it always ever?
Heal you, heal you
