Share our coffee, share my thought
I could wait for years
I don't know if you're an angel
Or I'm just feeling weird

I like this picture but I don't want to work too hard
And I ask you for a number
You say, "Hey, baby if I'm an angel
Maybe you should take my card"

Baby, I got time for you
But can you thrill me, really thrill me?
Baby, I got time for you
But can you thrill me, really thrill me?

I'm not silence into hiding
I want the words you say
And if it seems we take the same now
Well, I feel lucky, I feel lucky

Baby, I got time for you, yeah
If you do me, really do me
Baby, I got time for you, babe
If you show me, really show me

Oh well, I like this one
Oh yeah, well, I like this one
I, I, I like this one
Yeah, yeah, I like this one, yeah

I, I, I like this one
I, I, I like this one
I, I, I like this one

I like this
I like this
I like this
I like this
