Song by Scarface

[Scarface]

I took my chances, but I did my dirt
And my advice to any nigger if you crime, then you do
the works
It's givin' up and step the fuck back
Cuz in this game you can fame
You gotta start dumpin' these niggas off your nut-sack
I'm just a nigger out the hood tryna have things
When I got up on my feet and screamed the brand
change
And your excuse was that the money did come
My excuse was that you was to blame
Simple ??, got to show my homies love tho
I just don't fuck around with niggas that I don't know
And you can take that how you wanna take it
I'm from these motherfuckin' streets,
and the same rules apply in this game
you never break it
With my motherfucking luck, fallin' over the craps
And you niggas who wanna try to attack
We steady dyin' over dumb shit, And me I'm steady
losin' my sleep
Cuz niggas ain't familiar with the rules of the street,
and it's a

[Chorus]

Suicide, it's a Suicide
Suicide, it's a Suicide
it's a, Suicide, it's a Suicide
Suicide, it's a Suicide

[Scarface]

To my niggas on the street cryin' then (watch them
haters)
If I'm sittin' on the side-line (get your paper)
Too many niggas complainin' pointin' fingers at the
problem
That's why I hate my baby momma
I'm just a nigger from the very bottom

skippin classes, throwin 8-balls into white powder
tryna get it, while the motherfuckers gettin good
wit possibilities of gettin out my neighborhood
don't get me wrong, I had them dreams too
But the only thing you do, is get your cream too
Get your motherfucking cream fool
Niggas aint know about the Ange and the Alicks
First you get in, then you get out, you stuck in this
game

[Chorus x3]

[Scarface]

Now when its over don't nobody cry
Just enjoy while you live life, cuz everybody got to die
When you see me i'll be hella high, beatin corners wit
my top down
Checkin out the chasers in the sky, Shootin paper clips
at Jupiter
The more I lie, its like im gettin stupider and stupider
Tryna make the best, out of a fucked up desicion
Im just a nigga with a vision, which is to get up, get out
Gettin my props, tryna stay away from these bitches
that jock dick
And move enough to move on, gotta stay true to it
Thats just the way you gotta do it
And these niggas here is really,
dazed and don't give a fuck when you for real
And you like it rough, nigga what, the fuck
Know what im sayin is real, now back the fuck up for
you get killed
Cuz its a..

[Chorus x3]
