Yesterday I met her, the woman of my dreams  
She looked so fine, through bottles of cheap wine  
So we drank together, the purpose may have her

I took her home, but I don't know  
Next day I woke at noon, she must have dreamed my  
dream  
Might be a surprise...  
That girl stole everything

I screamed, I cried  
All that was just a lie  
A Girl Called Cerveza  
It's trying to teach ya  
It's trying to trick ya  
A Girl Called Cerveza  
A Girl Called Cerveza  
Is trying to fool ya  
Is trying to trick ya  
A Girl Called Cerveza

Topic becomes a story, they already know her  
She's being accused of oblivion brainwash  
... creature so much times I'm shocking  
Get off your á<sup>1</sup>—ain for an extra game

Her file is over long,... chop ten  
In case I track her down, I'll call for her again  
Oh no

I screamed, I cried  
All that was just a lie  
A Girl Called Cerveza  
It's trying to teach ya  
It's trying to trick ya  
A Girl Called Cerveza  
A Girl Called Cerveza  
Is trying to fool ya  
Is trying to trick ya  
A Girl Called Cerveza  
Cerveza, Cerveza

(Guitar solo)

Her file is over long,... chop ten  
In case I track her down, I'll call for her again

I screamed, I cried  
All that was just a lie  
A Girl Called Cerveza  
It's trying to teach ya  
It's trying to trick ya  
A Girl Called Cerveza  
A Girl Called Cerveza  
Is trying to fool ya  
Is trying to trick ya  
A Girl Called Cerveza  
Cerveza

A Girl Called Cerveza  
It's trying to teach ya  
It's trying to trick ya  
A Girl Called Cerveza  
I love you  
A Girl Called Cerveza  
Is trying to fool ya  
Is trying to trick ya  
A Girl Called Cerveza
