D.T. empty stare and body shiver
Whisky - need a shot to stop the quiver
I've been here for days or minutes
Where is here? I couldn't tell
Somewhere in the outer limits
Pretty close, I guess, to Hell
Hazy names and places
Foggy memory
Help me - Mister,
can you spare a dollar?
Need a drink before I start to holler
Seedy bars is where I hang out
Crawling up the Strip all night
Dodging tabs and seeking spenders
Passing out or starting fights
It's a way of living
In the underworld
(Chorus) Close to the edge - Barfly
Ready to fall
Walking the ledge - Barfly
Nothing or all
Playing your part - Barfly
Searching... Barfly

Barrooms - stench of beer,
the smell of losers
Lowlifes -
aging whores and senile boozers
We're a family of zombies
But a family nonetheless
Gotta hang on to each other
When your life's a filthy mess
Fighting for survival
Fighting loneliness
(Chorus)
(Solo: Axel)
Way out - got a choice,
I'm not a dumb one
Create - write a book and be a someone
Memoirs very popular
In those intellectual circles
Barfly turns to cult - scene start

Sleaze can be attractive
Viewed from safer shores
(Chorus)
(Solo: Andy)
Close to the edge - Barfly
Ready to fall
Nothing or all - Barfly
Searching... Barfly
