

Tankard "Chains"

Visit "[Chains](#)" on MotoLyrics.com

Danger! Danger! They kill without fear
Without a warning you'll die tonight
Hunting and killing and raping again,
their only aim to take your life
Die, die! Brutal gangs of death
Innocent victims they like to kill
Fear, fear! We know their cruelty
Hope never to meet them
Death - is real tonight
Death - is real tonight
Blood - is what they need

Chains, chains (In your face)
Fight, fight! Answer their aggressions
Take the weapons and defend yourself
Hunting and killing and raping again,
their only aim to take your life
Kill, kill! The time has come
Hope, hope! We dance on their graves
Now they've payed for their brutal murders
(Repeat 2nd verse)
