One billionaire
Will rule the word
A press-tycoon controls
What's to be seen and heard
Conservative
Right-wing bully
Letting his media
Hunt down democracy
Creative mind in mankind money
Hollywood man
Tax havens, L.A.Dodgers
Internet newbie, baseball fan
British papers, TV-stations
Euroseptic to the bone
Samantha Fox for breakfast
Serves business all alone

Dirty digger - come on bite!
Cause you care for no one
Spreading News Corp. cancer like
Dirty digger - come on bite!
Cause you care for no one
Spreading News Corp. cancer like

You held the hand of Maggie Thatcher
Deals in the dark
You plead for war on Bush's invasion
For cheaper oil down in Iraq
Kissing chinese leaders asses
To get rights for satellites
Only James Bond could stop you
Tomorrow never dies

Dirty digger - come on bite!
Cause you care for no one
Spreading News Corp. cancer like
Dirty digger - come on bite!
Cause you care for no one
Spreading News Corp. cancer like

Creative mind in mankind money

Hollywood man
