Drugs! The Booze! My social life dies  
In the name of excessive fun  
Tried to escape from which I cannot hide  
Almost died 'cause I'm on the run

Searching for the answer  
I don't have a clue  
Sinking ever further  
Put the blame on you?  
Time to open my eyes and see that the enemy is me

It's time to face the enemy  
Is it my fault or destiny?  
Confusion's got the best of me  
The mirror reflects what I see  
Deprived of sight, where lies the key?  
Oh yeah

Liar! Betrayer! What has gone wrong?  
Does my life has to end this way?  
I've put the blame where doesn't belong  
Shattered goals in the name of fun

Still I keep on trying

There's no end in sight  
Yet I keep on lying  
Is it worth the fight?  
Time to open my eyes and see that the enemy is me

It's time to face the enemy  
Is it my fault or destiny?  
Confusion's got the best of me  
The mirror reflects what I see  
Deprived of sight, where lies the key?  
Oh yeah

Seek - the truth! It comes from inside  
Two-way street, you are not alone  
All the facts which you've always denied  
Are to learn from - put aside your pride

It's time to face the enemy  
Is it my fault or destiny?  
Confusion's got the best of me  
The mirror reflects what I see  
Depraved of sight, where lies the key?  
Oh yeah
