Welcome my friend
To "Agency Of Hazards"
Book your own hip disaster trip
To greenhouse planet earth
Hurricane-havoc live !
We'll drop you in, watch millions die !

[Chorus]

Forsaken world
It's catastrophe time
Forsaken world
Hail storms and volcanoes
Tidal waves at coastal lines
Forsaken world
Take some picture
We guarantee the judgement day is coming
Mankind is blocked and nature's shocked
Weather out of control
Ruins under burning skies
Plus many souvenirs to buy !

[Chorus]

Welcome my friend
To "Agency Of Hazards"
Book your own hip disaster trip
To greenhouse planet earth
Hurricane-havoc live !
We'll drop you in, watch millions die !

[Chorus]
