One fine evening on earth  
We stood on stage and played  
When suddenly bright lightning  
Disturbed our glorious show  
Oh no! not again the alien!  
Oh please, leave us alone!  
"No more space beer" he cried  
And begged us for our help  
He told us on his planet  
They're all about to die

Frankfurt: we need much more beer desperately  
Answer quickly the brew's his destiny  
Frankfurt: we need much more beer desperately  
Answer quickly no beer for light years

Talked to binding straight off  
They promised to supply  
Six million sixty six packs  
Stored in the green man's ship  
Lift off! Leaving solar system  
And we were all aboard  
Galaxy "Dog" we stopped  
The plasma drive broke down  
Bad luck, caught by space pirates  
They snatched our alcohol

Frankfurt: we need much more beer desperately  
Answer quickly the brew's his destiny  
Frankfurt: we need much more beer desperately  
Answer quickly no beer for light years

Two days later...Bingo!  
We tracked these scumbags down  
Hot laser beams, explosions  
Destroyed the Milky Way  
Stop! Halt! Give up and surrender  
Return the liquid gold!  
All is well that ends well  
Planet Beermuda waits  
Big Alien-Super-Party

All drank up in one day

Frankfurt: we need much more beer desperately

Answer quickly the brew's his destiny

Frankfurt: we need much more beer desperately

Answer quickly no beer for light years
