You make me angry  
With all those filthy lies  
"For mankind beneficial"  
Is what you always say

Greedy to the backbone  
Blessed be biotechnology  
Consequences unknown  
Money for the mega-companies  
Thank you for the "false" food  
Cool, that we can be your guinea-pigs

[Chorus:]  
Genetic Overkill - eat shit  
We all will pay the bill - legal damaged health  
Genetic Overkill - that's sick  
We all will pay the bill - to increase their wealth  
Hey, ruthless Monsanto  
Your Third World homicide  
Controls them, exploits them  
With crops and pesticides

Sanctions for Europe  
That's what Bush has to say  
But we don't want those products  
Almighty U.S.A.

Greedy to the backbone  
Blessed be biotechnology  
Consequences unknown  
Money for the mega-companies  
Thank you for the "false" food  
Cool, that we can be your guinea-pigs

[Chorus]

You make me angry  
With all those filthy lies  
"For mankind beneficial"

Is what you always say

Greedy to the backbone

Blessed be biotechnology

Consequences unknown

Money for the mega-companies

Thank you for the "false" food

Cool, that we can be your guinea-pigs

[Chorus]
