Alcohol

Drinkin' beer somewhere with me
Playin' loud and poppers flee
I want booze and beer and wine
To be drunk it's to fine
Come and drink alcohol!
Come and drink beer with me!
Come and drink alcohol!
Come and drink wine with me!
Pukin' all day all night ling,
come let's dance to another song
Playin' destructive bangin' metal
Come, let's fight this battle
Come and drink alcohol!
Come and drink beer with me!
Come and drink alcohol!
Come and drink wine with me!

Puke

Drink! this beer is for my health
And have a couple more
Drink! Until the beer is gone
And pass out on the floor
Puke! Puke! I drank too much
Vomit on the chair
Puke! Puke! I drank too much
Even in my hair
Drunk! The room is spinning
It's turning round and round
Drunk! My stomach let me know
As I fell to the ground
Puke! Puke! I drank too much
Vomit on the chair
Puke! Puke! I drank too much
Even in my hair

Mon Cheri

I want you my baby
I need you my sweetheart
My heart is full of love for you
I need you to stroke and

I need you to kiss
Lying In your arms
And touching your skin
I can't describe this feeling I have
I want you to get and I want you to feel
Mon Cheri - I love you so
Mon Cheri - I need you my baby
Your lips like red roses
Your eyes like blue sky
Your legs and your hair are driving me insane
I can't take a bath without you my darling

Wonderful Life
Every day my life is getting worse
I'm so sick of it all
When I see myself I have to puke
All my mirrors are full

Stupid, ugly, fat as a pig
That's what I am - disgrace
No one likes me, not even me
I'm worse than slime - no good

Life sucks - everything is just a bloody mess
Life sucks - and I believe that it's getting worse

Mouldy sausage, maggoty bread
Is all I eat - green meat
Herpes, V.D., loosing my teeth
And all my hair - despair

Life sucks - everything is just a bloody mess
Life sucks - and I believe that it's getting worse

I'm just gonna stay here in my bed
Pray to god that I die
I don't ever want to live again
It's a horrible trip

Life sucks - everything is just a bloody mess
Life sucks - I believe that it's getting worse
