"Stay Thirsty!"

Once I was a young boy
Ready to explode
Sister was my idol
Out there on the road

She didn't want me
To be satisfied

"Stay alone and hungry"
She was singing loud
Blinded by her lipstick
Following the crowd

Dee never showed me
How to feel alright

Confusion! Confusion!
I could not find some friends
But then my eyes did open
My conclusion? Disillusion!

You can keep your make-up!
Stupid curly clown!
Keep your stretchy pants, you're
Twisted to the bone!

Now I'm a free man
Weakness is my strength

Stay thirsty! Stay thirsty!
That's what life's all about
No fighting, no burning
We drinkers hang around

[Chorus:]
Stay thirsty! Stay thirsty!
Let the beer flow - Stay thirsty!
Liquid nation - Stay thirsty!

Sitting on my sofa
Crying 'bout the past

I'm so fat and lazy
Affluence my ass!

Bring back the 80s
Wildness, sex and bite

Infusion! Infusion!
That's what I need today
To hell with idle lifestyle
The solution? Retrogression!

See me and my buddies
Move from pub to pub
Stretchy pants and lipstick
Sisters never stop!

We blend the old days
With some booze and fun

Stay thirsty! Stay thirsty!
That's what life's all about
No fighting, no burning
We drinkers hang around

[Chorus:]
Stay thirsty! Stay thirsty!
Let the beer flow - Stay thirsty!
Liquid nation - Stay thirsty!

[Chorus:]
Stay thirsty! Stay thirsty!
Let the beer flow - Stay thirsty!
Liquid nation - Stay thirsty!
Stay thirsty! Stay thirsty!
Let the beer flow - Stay thirsty!
Liquid nation - Stay thirsty!
