[Written by TANKARD
(Gutjahr/Zissel/Thorwarth/Geremia)]

Far beyond
Mortality and flesh
In the shadows of the darkness
Beyond the final breath
Exists the other side
Eternal hate

When we die
And life and death unites
When the fabric of the cosmos
Is split and opened wide
They're crossing Rubicon
Hordes of the void

Unseen creatures
The bringers of plagues and disease
Evil spirits
Corrupting our world and our dreams
Seeding despair and fear

[Chorus:]
Burning rage of The Horde! Death from the over-
yonder-space
Burning rage of The Horde! Consuming parasites
Burning rage of The Horde! Burning rage of The
Horde!

Year by year
They're wiping out the peace
From the dawn of early mankind
Their violation pays
Turning us into them
Crime, blood and war

Unseen creatures
The bringers of plagues and disease
Evil spirits
Corrupting our world and our dreams
Seeding despair and fear

[Chorus]

Far beyond
Mortality and flesh
In the shadows of the darkness
Beyond the final breath
Exists the other side
Eternal hate

Unseen creatures
The bringers of plagues and disease
Evil spirits
Corrupting our world and our dreams
Seeding despair and fear

[Chorus]
