

Get Up Kids, The "Forgive And Forget"

Visit "[Forgive And Forget](#)" on MotoLyrics.com

I think I've waited long enough
Our world was once forget-me-nots
and now I wait another year.
I need you here.
I think I've heard this once before,
but it's not you walking through my door.
And now I wait another year.
I need you here.
Don't bother it now, let sleepers lie.
Bygones have all gone by.
Forget what we fought for, hard as I might,
don't have the will to fight.
Forgive and forget whatever was said
because we're growing up by the hour.
I never would let it go on like it did...
All good things have endings
