I wonder when I wander home
If I'll be fit to drink alone. Sleep with my memories,
Pictures, apologies. For every minute yesterday,
Regret reminds me anyway. If I remember anything,
I'll make mistakes again. Last night on the Mass Pike,
Thought I was losing you. Last night on the Mass Pike,
I fell in love with you. I will declare a holiday, The night
that she
turned me away. I'm drowning in my miseriesâ€¦It
solves everything.
Last night on the Mass Pike, Thought I was losing you.
Last night on the Mass Pike, I fell in love with you.
With you. Last night on the Mass Pike,
Thought I was losing you. Last night on the Mass Pike,
I fell in love with you. Last night on the Mass Pike,
Thought I was losing you. Last night on the Mass Pike,
I fell in love with you
