I'm a loser, you're a liar
Samidare nurasu midnight town
I saw white clouds floating in the sky

Okotareta sofa
Naeta cigar
Fuzoroi no mug cup irami
Oh, my sleeping girl
Please don't leave me

Everytime you sing, I can hear you
Mai ochiru your inspiration
Just falling to you
If I had a chance, Let me go
Mayu no naka de
So please don't cry
Just calling you
Just calling you

Nariyamu typewriter
Namida ame wiping maira buretaa
This is your favorite song, isn't it

Hareta finger
Hiita guitar
Buzama ni last song sakebi
Oh, my sleeping girl
Please don't stop me

Even if I sing, you can't hear
We will find another destination
Just falling to you
I don't wanna lose you
But you're gonna live your life
How much I love you
Just calling you
Just calling you

To deep sky
I'm watching you
But long way to home

You can't see
& you can't feel
You have to know
The way to live
Please breath out from darkness and sing for me
