Oh, look up the sky
You can see me
Oh, my life is like
A shooting star
Beside me before
I wish my dream
Life is too short
We need more time

I tried to find my way
Hard to find you're true
But I know that you're the one

I shall be your blue sky
To guide your broken wings
I play a song
That you're not that alone
I shall be a river
To take your tears away
Baby, I promise I'll be
With you every moment

How much time left?
Rush, baby, rush
Don't ever look back
Don't ever look down
Time won't stop
Rush, baby, rush
Time never take me
To thank for you

I tried to find my way
Hard to find you're true
But I know that you're the one

I shall be your blue sky
To guide your broken wings
I play a song
That you're not that alone
I shall be a river
To take your tears away

Baby, I promise I'll be
With you every moment

I'm not a good girl
I'm not that perfect
I couldn't do anything for you
I felt wholesome love*
That you have given me
I want to say thank you with my heart

You're the one, oh yeah

I shall be your blue sky
To guide your broken wings
I play a song
That you're not that alone
I shall be a river
To take your tears away
Baby, I promise I'll be
With you every moment
