Went from the east to the west  
with stories to erase  
from my heart my fingers and my face  
i've tried my very best  
No matter wherever i am  
there's nothing i can't do  
cause my love has only one name  
and it is you

I believe that somethings are destined  
they're meant to happen  
i believe that my heart had chosen  
the one in a million  
i've opened all doors and all access  
for you to get in to  
cause my heart is cold  
and it's homeless  
because of you  
Memories forced me to remember  
to save love from anger  
i can't stop my heart but to wonder  
wish i had been better  
Counting the time that i've wasted  
over someone new  
cause one thing that i've ever wanted  
is only you

It's only a matter of time  
i know soon i will find  
that feeling so close to divine  
someone i can call mine  
but silence is pounding in my head  
hit me to went through  
what everything fails to forget  
is always you  
everything fails  
to forget  
is always you  
everything fails to forget  
is you
