Somehow the days and the nights are all the same  
I can't tell the time I forget their names  
When I am without you

And I'm spinning around like a satellite  
With daze in my head I can't abide  
When I'm away from you

To show how much you mean to me  
I'd give up my gravity  
I'd walk the surface of the sea  
To find where you would be

Refrain:

I'd breathe in water - And drown myself in you  
I'd breathe in water - Dive myself in you  
I'd breathe in water - If you asked me to  
Breathe in water

Somehow I feel so lost with a homeless heart  
I've nowhere to run, I've nowhere to hide  
When I am missing you

But I chase the dark clouds from my eyes  
Send them away like butterflies  
When I think about you

To show how much you mean to me  
I've erased my memory  
To walk the surface of the sea  
To be where you would be

Refrain

This is what I can do  
What a woman can do  
This is all that I feel  
And what I feel is real  
This is what I have prayed  
For this love in my way  
I breathe in water  
I can breathe in water

Refrain
