We promised that we'd share our lives
And nothing could tear us apart
But I feel that something has gone wrong

I must try to find the way
To tell you what I want to say
That I feel that something has gone wrong

Cause I don't feel the flame again
I don't want to have to pretend
That I'm still in love with you

I don't feel the flame again
I don't want to have to pretend
That I'm still in love with you

See me
Free me
Let me go

I will not promise you
The things I can't do
And I can't afford to live in love that's through
Forgive me I have sinned
I've made a broken dream
And this has to end, I hope you understand

Cause I don't feel the flame again
I don't want to have to pretend
That I'm still in love with you

I don't feel the flame again
I don't want to have to pretend
That I'm still in love with you

See me
Free me
Let me go

Promise that we'd share our lives
And nothing would tear us apart
But I feel that something has gone wrong
