Gold and Amber
Shining through
Swear by the moon
I'll wait for you
Silent treasures
Tender blushes
Soft surrender
To discover
Feel the wings
We whisper and sigh
As the angels glide
On the touch of our skin

A fragile voice I hear
That trembles and deceives
the deep blue oceans in your eyes
Desire grows inside
Veils of mist
Covered kisses
Swear by the moon
I want you

Pearls of steam
And the dance begins
Free the heat
Make us stronger still
No more promises
We are here tonight
Come together in sweet firelight

Here until dawn
Sets us both apart
A love that's true
Swear by the moon
I live for you, for you

For you, for you, forever for you

Precious hours
Fires dying down
While the night gives way to clear morning light
Perfumes gracing

The senses of our souls
A love that's true
Swear by the moon
I'll be here for you, for you, forever for you

For you, for you, forever for you
