"Cold War"

Cold war
Between what's wrong and right
What's in my head
What's in my heart

Voices whisper softly
Trying to convince me
Choices what should I pick
Play safe or challenged by tricks

Cause it's a cold war
Between what's wrong and right
What's in my head
What's in my heart

Cold war
And it's been going on
I let it stay
Until it's gone

Captured but I can't give in
Doubts won't go through my skin
Ruptured of my soul and my mind
Thin lines to be defined

And it's a cold war
Between what's wrong and right
Things that I need
Things that I want

Cold war
And it's been going on
What should I do
Before it's gone

What's in my head
What's in my heart
