In my heart there is something
Tingled from the inside
Here my heart there is something
Trapped me from the inside
Yeah it's been a long time
I've been walking like a blind
And I spent a while
Keep on waiting to be found
You know this cries getting true the
Could as up the eyes
Don't you know that I'm?
Reaching free this stillness in these eyes
Could up maybe it on the righteous of the heart?
What I can't deny
Waiting for something
Next call divine
Something next call divine, open, open, next call divine
Something next call divine, open, open, open, next call
divine
You know what I mean
It's better like you said
Deep in my skin, I'm asking more
Shivers from within, Call it in between now I'm and
For something more, it's been a long time
I've been walking like a blind
And I spent a while
Keep on waiting to be found
You know this cries getting true the
Could as up the eyes
Don't you know that I'm?
Reaching free this stillness in these eyes
Could up maybe it on the righteous of the heart?
What I can't deny
Waiting for something
Next call divine
Something next call divine
You know this cries getting true the
Could as up the eyes, Don't you know that I'm?
Reaching free this stillness in these eyes
Could up, maybe it on the righteous of the heart?
What I can't deny, Waiting for something

Next call divine, Something next call divine
Something next call divine
