Eden In Her Eyes  
by Anggun

It's been a long wait until  
These changes I feel  
Could all this be  
A dream that turns real

My reflection will tell  
There's a life within me  
Breathing silently

Eden in her eyes  
I knew it's worth the while  
I've put my faith in time  
To cradle her in my arms

Eden in her eyes  
Pictured in my mind  
Was only a matter of time  
Till I see my baby's eyes

It's so hard to describe  
I don't know where to start  
What the words can't say  
I'll leave it that way

Now the mirror can sing  
Always knew you'd arrive in my life  
Waiting is believing

Eden in her eyes  
I knew it's worth the while  
I've put my faith in time  
To cradle her in my arms

Eden in her eyes  
Pictured in my mind  
Was only a matter of time  
Till I see my baby's eyes

She is my ray of light

That vanished my darkest nights  
Now life is sweet as candy  
I banished my sugar-free side

And the warmth that I feel  
Each time I realized that she's here  
Makes me know that God loves me
