Fly your mind to this fantasy  
Take your body and move with me  
Yea, Tonight, give it to love  
To love

Feel all around  
Hear the sound  
Close your eyes, Taste the night  
Don't care 'bout anything or anyone outside  
(Yeah)

No boundaries, Mysteries  
Trust in me, Can't you see?  
I only wanna have your body next to me  
And set you free

Fly your mind to this fantasy  
Take your body and move with me  
Yea, Tonight, give it to love  
To love

Take it to the higher ground  
Take it to the higher  
Take it to the higher ground  
Take it to the higher

Take it to the higher ground  
Take it to the higher  
Take it to the higher ground  
Take it to the higher

Get from my lips, Finger tips  
All you need, You can keep  
Take anything at anytime  
I doubt you, please?

No telling lies, Justifies  
Want you till, night is through  
Just show me every single thing a man can do  
All you can do

Fly your mind to this fantasy  
Take your body and move with me  
Yea, Tonight, give it to love  
To love

Do what you don't have to  
It's better, take your time  
And let you do, things you do  
Because sometimes I'm messy  
I don't wanna act like a lady

Fly your mind to this fantasy  
Take your body and move with me  
Yea, Tonight, give it to love  
To love
