Am I lucky?  
Merging, emerging was so lonely sometimes  
Completely inside

Am I living?  
Breath in, breath out, the fever rises  
From my feet to my eyes

Do I see you?  
So clear, tonight, slowly but sure  
Shadows crossing the wall

Where is my heart?  
Last time, this time, someone set it on fire  
I'd forgotten it all

Through the haze, ashes I have traced  
Uncover me now, I'll come clean as we chase

All those blue nights without your love  
I've been too long with my imagination  
You might have told me once  
There's nothing wrong with this infatuation  
See what magic we find in my sensual mind

What's your pleasure?  
Inside, outside, no one but me  
Sendin' sighs 'cross your back

Hidden treasures  
Soft slides and smiles  
Fill your will going slack, you're gonna crack now

Set it loose, it's coming back to you  
Been spending my nights dreaming my every move

All those blue nights without your love  
I've been too long with my imagination  
You might have told me once  
There's nothing wrong with this infatuation

You're mine, you follow now

You're lost for good in my own private passion  
This time, I'll show you how  
We cross the line into the fascination  
See what magic we find in my sensual mind

In my sensual mind  
In my sensual mind  
My sensual mind  
My sensual mind  
Sensual mind
