"Selamanya"

Kuharap sinar rembulan,  
tutup mataku....  
Selamanya  
Sejak kau pergi,  
tinggalkan bumi,  
tinggalku disini  
Turunkan matahari,  
Usir bintang-bintang,  
Putarlah utara ke selatan,  
Untuk apa lagi semuanya  
Ambilah jiwa retak ini,  
ku tak ingin lagi,  
Putaskan ari-ari bumi,  
aku ingin pergi.  
Menuju abadi...  
Selamanya

"Forever"

I hope the moonlight,  
close my eyes...  
Forever  
Since you're gone,  
left this world,  
left me by myself  
Bring down the sun,  
send away the stars,  
rotate the north to the south,  
what are these for?  
Take this broken heart,  
I don't want it anymore,  
cut the earth's cord,  
I want to go  
to eternity...  
Forever
