I think I feel my heart is going to stop  
I feel my body is about to drop  
I have just met you

How strange it feels now that you're finally here  
Maybe I'm dreaming, but you look so real  
Now, let me tell you

I made a picture of you in my mind  
And a name that I can call  
Before I take another step to go  
I just need to know

If this is destiny, stop the mystery  
I'm looking for a shelter in your heart  
Is there a place for me?  
Stop the mystery  
I know that we are meant to be together  
Believe in destiny, the only mystery  
I finally found a missing piece of my heart  
I'm trying to make you see, signs of destiny  
I'm looking for a shelter in your heart  
A place for me to be

Now, you might think that this is so insane  
I don't believe that love's the one to blame  
Love is innocent

I know you're out there somewhere in this world  
I've sensed your presence  
In every second and i  
Knew you were waiting, too

I made a picture of you in my mind  
And a name that I can call  
Before I take another step to go  
I just need to know

If this is destiny, stop the mystery  
I'm looking for a shelter in your heart  
Is there a place for me?  
Stop the mystery

I know that we are meant to be together..

I'm looking for a shelter in your heart  
Is there a place for me to be

I know we are meant to be together

Believe in destiny  
I'm trying to make you see  
The signs of destiny

I'm trying to make you see  
The signs of destiny
