You said that you'd never hurt me  
But you did anyway

My Piece of mind now deserts me  
(It fills my mind with despair)  
And here I lie

Down in the cold again  
But still I do pretend  
That I have no one  
But myself to count on

Cuz I've tried to work things out  
But a little mistake has slowed me down  
To find out what I'm chasing after

Another day of this conflict  
Once again I've bit my tongue

For this greater reward here  
Life's turned into somewhat of a lie

Down in the cold again

But still I do pretend  
That I have no one  
But myself to count on

Cuz I've tried to work things out  
But a little mistake has slowed me down  
To find out what I'm chasing after

Who do you want to be  
If this is what you see  
Who do you \*bleep\*ing blame  
You're driving me insane

Cuz I've tried to work things out  
But a little mistake has slowed me down  
To find out what I'm chasing after

Cuz I've tried to work things out

But a little mistake has slowed me down  
To find out what I'm chasing after
