Look into yourself
Find out what to do
Life is made of simple nothings
Opening to you
The best is still in you, yeah

Time I know I'll spend here
Lives I'll affect here
My life is worth the wait
Let future times evaluate

I've seen it all before
I think that I will stay here, yeah yeah
I think that I'll stay here, yeah yeah

Promises I know I've made you
In time you know I'll come through
For now I'll do this here
Before this time disappear

I've seen it all before
I think that I will stay here, yeah yeah
I think that I'll stay here, yeah yeah
I think that I will stay here, yeah yeah
I think that I'll stay here, yeah yeah

Look into yourself
Find out what to do
Life is made of simple nothings
Opening to you
The best is still in you

How can I feel
Whatever did happen to the time?
Is it a crime
If you never get to understand
This thing called life?

Yeah, taking something from nothing
Tells you everything in this world
Won't hurt you
I know you know we know

That you gotta be stronger, yeah

I've seen it all before

I think that I'll stay here, yeah yeah

I think that I'll stay here, yeah yeah

I think that I'll stay here, yeah yeah

I think that I'll stay here, yeah yeah

Ooo, I'll stay here

Ooo, I'll stay here

Ooo, I'll stay here

Woh oh, I'll stay here

Ooo, I'll stay here
