Party

(Did you come to party?)  
(Did you come to party-party?)  
(Did you come to party?)  
(Did you) (2x)

[ VERSE 1 ]

Well, the time is now, and the place is here  
You're not ready till you're sweaty down to your  
underwear  
Not sayin it as a joke, just a bit of advice  
Cause when I rap you're bout to be, because I'm just  
that nice  
So dig this, when I'm rappin people start clappin  
Get on the dancefloor, and things just start happen  
I don't know what it is, but I was tryin to guess  
Did you come to party or to start some mess?  
Now to me, dancin is a hell of a task  
Now I've got a question, do you mind if I ask?

(Did you come to party?) (3x)

[ VERSE 2 ]

Now it makes no difference if the people start jumpin  
On solid ground, cause the music is pumpin  
So if you dare, please, be ready to rock  
Yes, the music is on just like popcorn  
So don't hold back, because the party is packed  
And this beat is dope, now did you get that, Jack?  
So get with it, don't quit it, you hear my rhyme, forget it  
You're tryina be me, Spoonie Gee, just forget it  
Cause I'm the only one that can do it this way  
When you see me at a party you will always say  
"Yeah, that's Spoonie Gee", and your girls say, "Not  
hardly"  
So what's your name, baby, did you come here to  
party?

(Did you come to party?)  
(Did you come to party-party?) (3x)

(Did you come)

Let's break it down

[ VERSE 3 ]

Here we go now, dance, you're gonna sweat  
But be prepared, because we're nowhere finished yet  
I'm rockin, and I'm rollin  
The mic is in my hand, and I'm the one that's controllin  
Are you done? You better quit  
And let me rap a little bit  
Cause this is a new hit that I'm makin  
And other records I'm breakin  
So

(Did you come to party?)  
(Did you come to party-party) (3x)

[ VERSE 4 ]

Now the beat is swingin, I'm rappin, not singin  
People on the outside just hangin  
Around, for what? To hear the Spoonie Gee sound  
To move, to have fun, to get on down  
Cause I'm serious, I don't have no time for playin  
So listen to my music, as well as what I'm sayin  
The music is a part, and the words are too  
Together they make you do what you came to  
You wanna finger-pop? Well, go head, I won't stop you  
Put some music in rap, and then rock you  
Cause that's what y'all came here for  
But if you didn't, there's the door  
Well?

(Did you come to party?)  
(Did you come to party-party?) (7x)

This beat is dope (3x)

Best believe it
