I'm so sick of this emotion, and the torment that it  
brings  
Drawn in by its illusion... Just a song the siren sings  
I've crashed full force upon your shores  
I am strewed upon your beach  
I hold your body close to me, But your heart is out of  
reach

She loves me, she loves me not...  
It's tearing me apart  
Like a sentimental parasite feeding off my heart  
She loves me, she loves me not...  
Will this ever end?  
I swore I'd never let another seep under my skin

You infest my dreams and fantasies  
A nervousness inside of me  
Left waiting with anxiety for something that may never  
be

She loves me, she loves me not...  
It's tearing me apart  
Like a sentimental parasite feeding off my heart  
She loves me, she loves me not...  
Will this ever end?  
I swore I'd never let another seep under my skin

There is no second chance my love  
No running back to me  
Your prayers they all were answered, but you were too  
blind to see  
I dwell on flaws, your imperfections  
As I fan these flames of hate  
A perfect kiss, a change of heart; Oh, my dear... It's  
much too late...

She loves me, she loves me not...  
It's tearing me apart  
Like a sentimental parasite feeding off my heart  
She loves me, she loves me not...  
Will this ever end?

I swore I'd never let another seep under my skin.....

She loves me, she loves me not...

It's tearing me apart

Like a sentimental parasite feeding off my heart

She loves me, she loves me not...

Will this ever end?

I swore I'd never let another seep under my skin.
