Winter is on us
Winter is watching us
Cutting and quiet
Winter is all over me

I got caught on the wing, now I spin
I look down for my feet and I see
I'm much higher than I thought I'd be
Don't look down, don't look down

Words about winter
Pull you inside the cold
But the sun's never brighter
Than when it's shining off snow

I got caught on the wing, now I spin
I look down for my feet and I see
I'm much higher than I thought I'd be
Don't look down, don't look down

I've believed in one magic word
For so long now it must be true
But the soldier's God isn't what I wanted
And I think, I could drown in this drink
And I think, you don't know what I think

I got caught on the wing, now I spin
I look down for my feet and I see
I'm much higher than I thought I'd
I'm much higher than I thought I'd
I'm much higher than I thought I'd
