I have lost something on the way and I can't explain
What you wouldn't want to hear that anyway
Our divine, sweet divide

So let's just gaze in the space
Between your face and mine
Our divine, sweet divide

Divine sweet divide
Fingers touching toes tipped on the wire
Across our great divide
Are we shadows on the wall and that's all

And should we be as one
I'm sorry, I'm sorry baby
That's not how it works
Don't worry you worry too much

I love you, I love you

Divine sweet divide
Fingers touching toes tipped on the wire
Across our great divide
Divine sweet divide, divine sweet divide, divine sweet
divide

Only dreams do its part, only dreams
Only dreams do its part, only dreams
