I guess I'm expected to say 'God bless you'
But you left me, me never left you
And what me do right now, me can't even say F you
But me can say this though

I hope you can't live without me
Can't eat, can't sleep, can't breathe
Can't get your mind to stop thinking about me
Can't eat can't sleep, can't breathe

I hope you whine up lonely
Can't eat, can't sleep, can't breathe
Then you are gon' wish you coulda still come hold me
Can't eat, can't sleep, can't breathe

I bet you think I'm supposed to smile, put the best
outside
Put on an act to protect my pride
You want me to take it like a man, but I'm a girl who
cries
So if I puncture your tires, don't be too surprised

And while I'm at it, hell, I may as well key up your car
'Cause what you did to my heart that's an act of war
Well every step you take I'll be one step behind
Won't let you get me out of your mind

I hope you can't live without me
Can't eat, can't sleep, can't breathe
Can't get your mind to stop thinking about me
Can't eat can't sleep, can't breathe

I hope you whine up lonely
Can't eat, can't sleep, can't breathe
Then you are gon' wish you coulda still come hold me
Can't eat, can't sleep, can't breathe

I should allowed to be bitter 'cause it's only fair
I'm falling apart, but you don't care
Why is she so happy? Why do you smile?
And why aren't you guys fighting all the while like we
did?

I know it must be a charade, God please send me a
shower
To rain on their parade, I hope she's cheating juggling
nuts like a squirrel
Better yet I hope she leaves you for a girl
'Cause you can't live without me

I hope you can't live without me
Can't eat, can't sleep, can't breathe
Can't get your mind to stop thinking about me
Can't eat can't sleep, can't breathe

I hope you whine up lonely
Can't eat, can't sleep, can't breathe
Then you are gon' wish you coulda still come hold me
Can't eat, can't sleep, can't breathe

Yo, both you know want go get married and you would
love me to be there
I woulda tell you somethings, but them not fit for the
ears
Usually me woulda say goodbye and I wish you well
But not to you, I hope your life turns out to be hell

Bet you think I want you to die but no, I want you to live
And suffer and cry like I did
I'm just keepin' it real
I just so me feel

I hope you can't live without me
Can't eat, can't sleep, can't breathe
Can't get your mind to stop thinking about me
Can't eat can't sleep, can't breathe

I hope you whine up lonely
Can't eat, can't sleep, can't breathe
Then you are gon' wish you coulda still come hold me
Can't eat, can't sleep, can't breathe

What me say, yo, she can't cook like me, can't jook like
me
No, and I know you in and out like a book like me
She no full a style like me, can't make you smile like me
And she can never bear beautiful child like me

She no tight like me, no fling it up right like me
And if me buck her one her way she can't fight like me
You done know, me say ah just so it go

I hope you can't live without me

Can't eat, can't sleep, can't breathe
Can't get your mind to stop thinking about me
Can't eat can't sleep, can't breathe

I hope you whine up lonely
Can't eat, can't sleep, can't breathe
