Cama cama cam,  
Cama cama cam on now  
Everybody come on now  
Cama cama cam [x3]  
Woah, if you ready come on now  
Ye ye yeah...

Da way oh you singin da bath now  
Me knw tings a go get a little hot now  
Leave me breathless like a dixie  
Chick's licking  
Get da 4's and 6's  
Make it rain through da speakers  
Have me reggeatone banging in a beach house  
Boy you ofo grab my attention  
And put me booty on da bench man  
But we don't need no reason fi wild  
After an ectasy season fi get one,  
If you feeling the urge to bump and grind just do it  
screw it  
As the sound bang

[Chorus:]  
Pull up... power  
Pull up... feel it  
Mean if fi real, if fi turn if fi spin man  
You gone follw me to my dancehall

Pull up... power  
Pull up... oh feel it

Oh you know me like it like dat  
From da front, da centre, da back now

(Power pulll up)
