And I missing you dear

When we had time to kill and we woulda kill it almost

And I miss da boy you used to be

Long before you got using me

And I miss you when

You used to hold me and make me feel this was love

But love don't start a fight (no)

Sorry don't make it right (no)

I wouldn't be here tonight, if I didn't believe in this love

I wanna be with u, tell me that u feel it too

U have got a lot to do... if u wanna be in this love
