Valentine

Baby come on over  
Baby come over  
I wanna put it on you tonight  
He's my valentine  
Baby come on over  
Whip cream cherry preme  
I wanna put it on you tonight  
He's my valentine

Close your eyes baby I got a surprise for you  
The minute you in it love coming down on you  
Feed you cheeries strawberries  
Lick lick you down down down down down  
Ooo I love it when you make that sound

Candlelights rose petals on the bed  
Mood set right  
Champagne bottles everywhere  
Let me lay you down on my bed  
Toungue in your mouth then on over to your neck

Baby come on over  
Baby come over  
I wanna put it on you tonight  
He's my valentine  
Baby come on over  
Whip cream cherry preme  
I wanna put it on you tonight  
He's my valentine

Are you ready  
I'm taking over  
Relax boo close your eyes  
And let me hold ya  
Feel the tension in your shoulders  
Let me sooth ya  
Let me kiss you where you like  
Let me take it down lower

Candlelights rose petals on the bed  
Mood set right  
Champagne bottles everywhere  
Let me lay you down on my bed  
Tongue in your mouth then on over to your neck

Baby come on over  
Baby come over  
I wanna put it on you tonight  
He's my valentine  
Baby come on over  
Whip cream cherry preme  
I wanna put it on you tonight  
He's my valentine

Mix the berries with the cream lick it off ya  
Chocolate syrup all on me let you indulge her  
Temperatures are rising  
That's good loving  
Hot like a volcano  
Sexual eruption

Mix the berries with the cream lick it off ya  
Chocolate syrup all on me let you indulge her  
Temperatures are rising  
That's good loving  
Hot like a volcano  
Sexual eruption

Baby come on over  
Baby come over  
I wanna put it on you tonight  
He's my valentine  
Baby come on over  
Whip cream cherry preme  
I wanna put it on you tonight  
He's my valentine

Baby come on over
