[Ghostface Killah] (Estelle) Her face glow like I was exposed to sunlight She's happy, her hair, toes and nails is dumb right The smell of her fragrance, baffled my nostrils I can see through her eyes, she's feeding on in the possible She blushes, as I kept splashing her compliments Polite thank yous, is all around, she crush the mints Developments, smooth keys from the piano Changed the mood, like we changed the channel This is art, Picasso, I got him beat in the flesh I'm staring at beauty, Nefertiti, heaven bone in the chest Yes, everywhere she step, went off like a flare gun Stilettos on, parquet floors Miss thing, she's a fierce one, two and three Bad little mama, she built like Alicia Keys No facade, her strut is hard, based on books by Intelligent jail crooks, writing to let the time fly She dropped the bracelet, I kneeled down Prestigious gentleman, with my right hand, I picked it up I stood up, to the cutest eyelashes, as I gave her, her jewels back Miss thing started rubbing her gut Excuse me, are you pregnant? Not to be rude But if it means anything, I can get you some food Cheese crackers, in the back there's sauteed shrimp (Nah, I never free lumps, I'll be as big as a blimp See my due date is January, my first, and it's kinda scary It's only June, and Christmas, I'll be getting married And I'm happy, excuse me, what's your name?) Tone Starks (Peace, I'm Gabby, well I gotta go, my husband is waiting) But before I go, can I give you one last statement You the most beautifullest queen, I ever seen And I would love to have a thing like you, on my team, you take care [Chorus: Vaughn Anthony & Estelle] Any other day, I would of just let you, pass me by Cuz I see you got situations And I've got mine, but baby its OK It's alright, I'm not gonna let you pass me by Cuz this was love at first sight Cuz this was love at first sight It's OK [Vaughn Anthony] You can tell he must be on a mission Because my heart has made it's decision As soon as you stepped in my peripheral vision I fell in love, sweet love And no infatuated 3D glasses to see That your the one I need And the situation don't matter to me Cuz this is love, it gotta be love Love at first sight [Chorus 2X]
