Again

I am wearing this weight again
It cuts like it did then
It's consuming all my thoughts
And swallowing me again

And what you see is what's left of me
But I'm here
I didn't think I'd scare very easily
But I fear this thing

It is wearing me out and thin
Paralyzing me again
It was vicious all the way here
I am barely alive

And what you see is what's left of me
But I'm here
I didn't think I'd scare very easily
But I fear this

And I wish you love
With anyone else but me
And I wish you love with anyone
And all I can do I will do for you
If I'm here
I promise you I'll remember you
While I'm here

And I wish you love
With anyone else but me
And I wish you love with anyone

And I wish you love
With anyone else but me
And I wish you love with anyone

And I wish you love again
And I wish you love again
I am surrendering me
Surrendering mine
