I've come to grips, come to grips, unreality through
fatality
Realized as how much happiness brings to me
Fuck!

Lately, doubt and worries inflicted my mind
With an illness of ego, the worst of its kind
Been so busy, unhappy unnerved
I can see my destiny is chasing me
I'm finally happy and ready to go

I had a one night stand with myself last night
The fright of a lifetime
I've once again I have proven my strength to myself on
my own

Lately, doubt and worries inflicted my mind with an
illness
The worst of its kind
Been so busy unhappy unnerved
I can see my destiny is chasing me
I'm finally happy and ready to go

I had a one night stand with myself last night
The fright of a lifetime
I've once again I have proven my strength to myself on
my own

I had a one night stand with myself last night
The fright of a lifetime
I've once again I have proven my strength to myself on
my own

I had a one night stand with myself last night
The fright of a lifetime
I've once again I have proven my strength to myself on
my own

I had a one night stand with myself last night
The fright of a lifetime
I've once again I have proven my strength
