Your face is burned inside my brain  
I lost my way  
Your taste of stale flows through my veins  
The cost of hate  
'Cause you'll never understand me  
You want me to stay

You're c-c-c-calling but I can't hear you  
I'm not listening anymore  
You're subject to falling but I can't save you  
I don't see you anymore

The race of slowing down the pain, I found a way  
The pace of speaking so mundane, the sound of gain  
But you'll never make me happy  
So I've extinguished the flame

You're c-c-c-calling, but I cant hear you  
I'm not listening anymore  
You're subject to falling, but I can't save you  
I don't see you anymore

And what you want me to say I'll never say  
You're playing the game that I'll never play  
So what do you want from me?  
Now I've extinguished the flame

Your c-c-c-calling but I can't hear you  
I'm not listening anymore  
You're subject to falling but I can't save you  
I don't see you anymore  
You're c-c-c-calling but I can't hear you,  
I'm not listening anymore  
You're f-f-f-falling, but I can't save you  
I don't see you anymore
