I've been waiting for you
To show your face as a clue
Living disgrace my eyes are burnt and my ears are
tired of all these screams

So I run the truth is falling you're the one sent to kill me

Several days in a mood
Since there's no way to elude

What can I say my skin's a lie and my heart is broke
from all these lies why

So I run the truth is falling you're the one sent to kill me
(It's so wrong that death is haunting now I'm gone to
self inflicting)
